- On 15.03.2026, a post published on the ODIHR website on the occasion of the International Day to Combat Islamophobia emphasized that hate-motivated violence, threats, and property attacks against Muslims put the stability of societies at risk. The publication highlighted those Muslim women, children, and place of worship are particularly targeted, and that this rising intolerance undermines fundamental human rights and democratic principles. It further stressed that political will and cooperation with civil society organizations are of vital importance to effectively combat hate crimes.
